

Low Pressure Sanitary Sewer System (LPSS)

Presented by York County Planning and Engineering Departments

September 23, 11:30 -1:00

York County Complex

1070 Heckle Boulevard, Rock Hill, Suite 103

Large Conference Room

BRING YOUR OWN LUNCH

A limited selection of drinks will be provided.

Join county staff for an in-depth discussion on Low Pressure Sanitary Sewer System (LPSS) as an alternative way of managing the sewer transportation. Staff will discuss the LPSS current policies and procedures and will be available for questions.
