

Memorandum

To: General Contractor, Architects, and Engineers of
York County

From: Gary Bass, Building Official
York County

Re: **SPEACIAL INSPECTIONS**

Date: August 21, 2008

On July 1st 2008 with the adoption of the 2006 International Building Code, York County will now start requiring the Special Inspections as required and outlined in Chapter 17 of the 2006 IBC.

Projects submitted after September 1, 2008 will be required to show the Special Inspection Details on Structural Drawing.

Contact our office for Inspection Documents Sheet or Inspection firms may submit for “approval” their own document prior to submitting a report.

Special Inspector must be certified and registered with the International Code Council.
